

Please be aware of the following requirement for international travel:

All faculty and staff traveling outside of the United States on a U of A related activity are required to register their travel with the Office of Study Abroad and International Exchange. Registration should occur before the initiation of a request for travel authorization. The travel office will only approve the travel authorization after the registration and corresponding approval occurs.

Important:

Overseas Travel Warning Policy: The University of Arkansas does not currently support travel, research or study in countries that are under a U.S. State Department Travel Warning. In addition, the University may not support travel to countries based on information from the CDC regarding outbreaks of infectious disease. For a list of current travel warning countries: http://travel.state.gov/travel/cis_pa_tw/tw/tw_1764.html It is the responsibility of the faculty, staff and sponsoring unit (e.g. Department, Institute, Center, etc.) to comply with and enforce the international travel warning policy. Petition for Exception to the Travel Warning Policy: Exceptions to this policy will be considered upon request of the individual or group only upon submission of the **Petition for Exception to Overseas Travel Warning Policy** with endorsement by the dean of the college and supporting documentation submitted to the Director of Study Abroad and International Exchange. Upon receiving the Petition, the director of study abroad will forward the request and supporting documentation to the **International Education Advisory Committee (IEAC)**, which will provide a recommendation to the Dean of the Graduate School and International Education. The GSIE Dean will then provide a recommendation to the Provost and Vice Chancellor for Academic Affairs and the University Executive Committee. The decision of the Provost and the Executive Committee will be final. For more information, refer to Academic Policy Series 1835.00: <http://provost.uark.edu/183500.pdf>.
